

Join us for a workshop today!

[Register \(for one or all!\) here!](#)

1:30-2:00	What is happening to our world? A Workshop for Families
3:00-3:30	All Are Called: A Multi-faith Climate Conversation
5:00-5:30	Powered from Above: A Multi-faith Home Energy Workshop

Interfaith Council's grassroots climate program, **[Interfaith Power & Light \(DC.MD.NoVA\)](#)**, works with hundreds of congregations of all faiths across DC, Maryland, and Northern Virginia to save energy, go green, and respond to climate change.

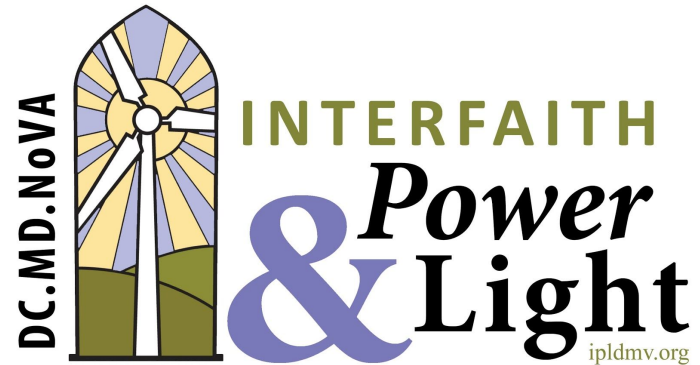

Please join us in this important work!

We can help you open conversations about what is happening to our world and how your faith community is called to respond. We can work with you to start or strengthen a green team in your congregation, and to shift your facility or homes to cleaner power and greener ways of living.

And join us this fall in *voting for leaders who care for the climate* and raising up climate justice in your congregation October 2-4 through [Climate in the Pulpits / on the Bimah / in the Minbar!](#)
